Tibor Spey Reels

Reel Stand
The balanced reel stand includes hook keepers for hiding points of large saltwater flies.

Reel Stand Screws

Hook Keeper

Dual, Positive Clutch Pawls
The drag direction is easily changed by reversing the pawl springs and pawl direction. Dual pawls provide added trophy fish drag reliability.

Ceramic Coated Main Gear
and drag pawls minimize wear for long term reliability. Main Gear and Spool rotate on 3 stainless steel ball bearings.

Clicker Pins
for outgoing signal may be easily removed for silent operation.

Personalized Name Plate
Each Tibor Spey Reel features a personalized nameplate engraved free.

Frame
Our solid back frame is precision machined from the finest bar stock alluminum alloy and features the engraving of a traditional Celtic Knot pattern, Steelhead Salmon and Witness Marks.

Detented Drag Knob
features an engraved Witness Mark starting point and offers positive gripping and adjustment control.

Main Shaft Cap Screw

Large, Impregnated Cork Drag Washer
This thicker cork surface delivers superior compression and the smoothest big-game drag.

QuickChange Hub

Solid SST Draw Bar

Backing Groove®
helps the angler to accurately determine backing capacity.

Delrin Handle*
offers positive gripping and quick release.

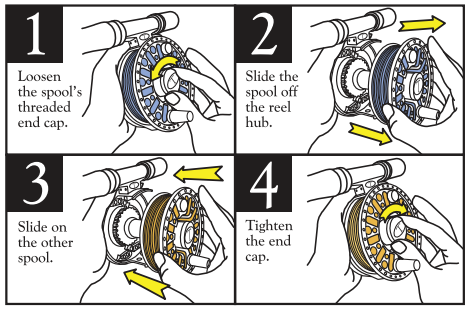

**Rim Control*Gorilla Handle & Speed Handle options also available.*

One-Piece Large Hub Diameter Spool
The Tibor Spey Spool features it's own, unique spool design and an engraved Celtic Knot pattern that matches the frame. Our open-hubbed perforated design allow the reel to remain cool during scorching runs.Both the spool andmain gear rotate flawlessly on three sealed precision stainless steel ball bearings.

QuickChange End Cap
Spool change involves only a single moving part – the stainless steel endcap.
