

When you need reliable accessories to complete your fishing kit think 'Alvey'. All our products are factory checked and manufactured using the latest injection moulding techniques. Our accessories are all UV stabilised and will resist harsh sunlight so that you get maximum use from your Alvey purchase. No matter what your requirement there is an Alvey fishing accessory to suit your application.

tackle boxes (clear lid)

Variety of designs. Stackable with clear lids that allow you to see your tackle. (5 compartment layouts available.)
Tackle not included.

fish measure stick

Size 38cm and 80cm available. Legal sizes of most common varieties for each state are shown on the back of the ruler.

fish scaler

Strong plastic scaler that won't rust or cut your hands like a metal scaler.

junior & senior tackle boxes

Versatile bakelite tackle boxes, ideal for beach, hiking or bushwalking.

reel lube

Top quality anti-corrosive and water resistant grease for all your reels.

rod buckets

Heavy duty leather or moulded rubber, plain or with gimbal bar for boat rods. Worn around your waist these buckets support the butt of the rod and make fishing a lot more comfortable.

hook disgorger

A slender plastic implement that every angler should have to remove the hooks that some fish always manage to swallow.

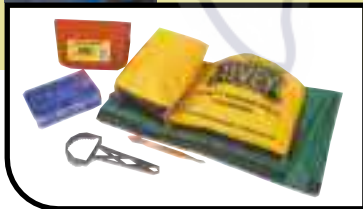

hand casters

HC10 holds 700m of 38kg line.

6 sizes available from 10cm to 25cm.

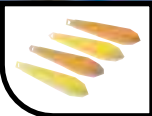

surf kit

A comprehensive Alvey accessory kit for all your surf fishing requirements.

line casting plugs

7grms weight, ideal for learning to cast with safety in mind.

new alvey line

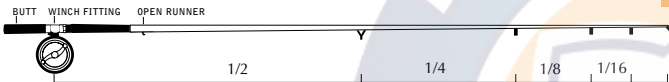

Fine diameter line made in Australia to suit sidecast reels.

purpose built alvey rods

Alvey reels require rods which are correctly set up in order to attain maximum efficiency from your reel.

The following points must be noted when purchasing a rod to suit your reel:

- Low winch fitting (About 15 to 20cm from the end of rod)
- To avoid restricting the line coils when casting, your first runner must be half way up the rod.
- An open runner centres line and takes tension off your finger when winding in. See Page 9.

To ensure you purchase the correct rod for your Alvey reel, consider a purpose built Alvey rod. These imported rods have been designed by Alvey and will guarantee best performance from your reel.

Rod (*Open Runner)	Purpose	Material	Length	Line Class
Rod 400	Junior/Beginner	Solid glass-2 Piece	1.5m (5')	3kg
* Rod 450	Freshwater/Estuary	Hollow glass-2 Piece	1.8m (6')	3kg
