

INSTALLING THE PROWLER BIG GAME SQUARE HATCH

PARTS INCLUDED:

*HATCH *HATCH GASKET *14 SCREWS *14 NUTS

TOOLS NEEDED:

*MARKER *DRILL *13/64 DRILL BIT *JIG SAW
3/8 WRENCH *PHILLIPS BIT OR SCREWDRIVER

1. Place the foam gasket inside the hatch recess. Make sure it looks even and carefully trace around the inside with a marker.
2. Drill a pilot hole for the jig saw then carefully cut out the marked area.

3. Remove the paper backing from the gasket and press onto the back of the hatch ring.

4. Place the hatch ring over the cutout, (should be a snug fit), and drill out the screw holes with the 13/64th drill bit. TIP- drill 2 holes on opposite sides and install a nut & screws in each then drill out the remaining holes.

5. Install a screw and nut in each hole and hand tighten. Once you have them all in securely, tighten them using a 3/8 wrench and screwdriver

6. Installing the lid. Place the lip under the front of the hatch ring as shown below.

Then push down and turn the knobs and lock down.
